WORK EXPERIENCE

SEO Tech Developer

Remote

Software Engineer Intern

June 2025 – Aug 2025

- Completed 300+ hours of rigorous computer science and software engineering training focused on data structures, algorithms, and full-stack web development
- Developed software development skills by working in SCRUM-like teams to design, test, and implement full-stack applications using Flask, MySQL, HTML, JavaScript, CSS, and API integrations

Ohio State Learning Environments

Columbus, OH

Fullstack Web Developer

Jul 2024 – Present

- Engineered responsive user interfaces using React for a classroom maintenance web app, integrating REST APIs to streamline maintenance reporting for 380+ campus spaces
- Deployed a backend services migration from Java to .NET Aegis, improving platform performance and security, and reducing server response time by 15%
- Led Gatsby to Next.js SSR migration to enable real-time maintenance updates & dynamic work order dashboards

PROJECTS

FaceFrame | Python, OpenCV, MediaPipe, Next.js, Figma, Adobe Illustrator

[View Project](#)

- As technical co-founder & head of design, built an AI-driven software using Python, OpenCV, and custom machine learning models to recommend users glasses that fit their unique features and face shape
- Leveraged Next.js to build a performance & SEO-optimized marketing website, contributing to a 400% increase in user engagement across social and web platforms
- Led technical development and complete brand design from logo creation to full-stack implementation

Colorithm | React, TypeScript, Node.js, Adobe UXP

[View Project](#)

- Built a React-based Photoshop plugin leveraging the Adobe UXP framework & ColorMind's deep learning AI models to instantly generate color palettes and streamline the design process
- Engineered a Node.js API proxy server to overcome CORS limitations, enabling seamless external API integration

ColorStackOSU | Javascript, HTML/CSS, Bootstrap, Figma, Adobe Illustrator

[View Project](#)

- Architected and deployed a community platform, serving 250+ Black and Latinx CS students and facilitating partnerships with 10+ industry leaders including Netflix and Pinterest
- Designed comprehensive UI mockups using Figma and Adobe Illustrator, establishing a cohesive visual identity through iterative design sessions and competitor research

LEADERSHIP AND PROFESSIONAL DEVELOPMENT

Management Leadership for Tomorrow

Washington, D.C.

Tech Career Preparation Fellow & Ascend Scholar

Jan 2025 – Present

- Accepted into a selective 18-month professional development program for high-achieving diverse talent
- Complete business case studies and assignments to grow leadership and technical skills

ColorStack

Columbus, OH

Web Development & Operations Chair

Nov 2024 – Present

- Led development of chapter's first website to streamline communications and boost digital presence
- Drove a sense of community and professional development amongst 250+ Black and Latinx students pursuing CS through partner events and workshops, leading to 25+ offers in 2025
